If closed sound systems cannot be arranged, open sound systems will be permitted. However, sound "leakage" must not interfere with other exhibitors. NAMFS reserves the right to request the reduction in volume or cessation of use of any system that creates such interference.

Booth Assignment

NAMFS will attempt to meet the size and location needs of each company but reserves the right to assign space that is most appropriate for the overall exhibition. Notification of booth assignments will be sent in late April. *Multiple sponsorships and larger booths can alter assignment layout. If you have any questions, please email NAMFS at admin@namfs.org.

Distribution of Advertising Material

Canvassing or distribution of advertising material by an exhibitor or anyone representing a non-exhibiting firm is

Booth/Promotional Activity

Booth/promotional activities, such as demonstrations, live interviews, market research, etc., may not interfere with normal traffic flow nor infringe on neighboring exhibits.
